				Physical Sciences	3	I130 I132 I134
				Mathematics and Actuarial Science	3	I131 I133 I135
				Life Sciences	3	I136 I137 I143 I144
9	Directorate of TVET	1	3	-	3	
10	Kitui Campus	1	3	-	3	D and H 2 nd to 4 th year
11	TOTAL	36	108		108	

Allocation formula used:

- Base Allocation: Each department gets 2 delegates.
- Population Allocation:
 - First 500 students → 1 delegate per 100 students

- Next 1000 students → 1 delegate per 200 students
- All remaining students above 1500 → 1 delegate per 500 students
- Satellite campuses: Town = 3 delegates
- TVET =3 delegates

Other allocation guidelines:

1. For delegate allocation, a minimum departmental population of 13 students was adopted, based on the university's minimum enrolment requirement for mounting an academic programme.
2. Accordingly, departments below this threshold were excluded. In the School of Humanities and Social Sciences, History and Religious Studies had 10 students and was excluded. Similarly, in the SAEWNR, the Department of Geology and Meteorological Sciences had 2 students and was excluded. Students in the Directorate of TVET also did not qualify for delegate allocation under the formula.
3. To ensure balanced representation and facilitate three-member departmental electoral colleges, allocated delegates were rounded down to the nearest multiple of three.
4. Based on these criteria, the Committee proposes 36 departmental electoral colleges comprising 108 delegates to form the Electoral College for the election of the Student Governing Council at SEKU for 2026/27 academic year.
